

COST OF LIVING CRISIS

As the Tories are wrecking the economy, hiking mortgage rates, risking pensions, and cutting public service, only the SNP are tackling the Cost of Living Crisis: -

- The SNP have **protected NHS spending**.
- The SNP have brought in a Scotland only **Child Payment** worth £25 per week for eligible families in need.
- The SNP have introduced a **ban on evictions** until at least March 2023.
- The SNP have introduced a **rent freeze** until at least March 2023.
- The SNP are campaigning for an **extension of the Energy Price Guarantee** by the UK Government beyond April 2023.

We now face a choice of 2 futures, becoming an independent country in which decisions about Scotland's future are made by the people who live here, or accepting continued crisis and control from Westminster.

WITH INDEPENDENCE SCOTLAND CAN BUILD A BRIGHTER FUTURE

West Lothian Council By-Election Broxburn, Uphall and Winchburgh 1st December 2022

Building a better future...

Live here? Vote Here.

Tom Ullathorne
Vote Number 1

About Tom...

My wife and I moved to Roman Camps in 2006 and we have put down roots in the area, making many personal and professional connections in the area. My daughters attend Broxburn Academy, with one playing for Broxburn Colts u14s.

As an Autism Service Manager, I have supported, designed services, worked with local organisations and individuals, and made professional links with services in the ward area. In my employment, I have supported individuals to challenge non-residential contributions and against cuts to important local services.

As a founder member of West Lothian Shinty, I have encouraged many people to enjoy this active Scottish sport.

I have previously served on West Lothian Council as a councillor and would be able to start working for the ward immediately.

"In this by-election, we are asking you to use your vote for Tom Ullathorne. Tom will work hard and make himself available to community groups to support their work and help individuals needing help from Council services."

Fiona Hyslop MSP
Hannah Bardell MP
Cllr Janet Campbell
Cllr Diane Calder

On voting SNP...

A vote for the SNP at any election means Scotland's voice is heard. The Scottish people have the right to decide their future in an Independence Referendum. I will always argue in favour of independence for the people of Scotland.

Despite the SNP winning the West Lothian council election in May, the Labour Party rejected a deal with the SNP and are propped up and controlled by Tory councillors. An SNP vote at this election will make the case for ending this Labour-Tory coalition. Your SNP vote can deliver a better administration.

Tom's commitments...

Dear resident,

I am aware of many of the issues in and around the ward, and there is much that I intend to achieve: -

- Press the Council to use its reserves to establish a Cost of Living Support Fund for those in need (SNP-run councils have done this elsewhere).
- Work with others to campaign against Tory austerity cuts to public services driven by Westminster Government's economic mismanagement.
- Encourage positive use of amenities to deter anti-social behaviour.
- Support proposals to protect & promote Broxburn and Stewartfield Bings.
- Take community views on large new house build applications.
- Demand increased infrastructure in Winchburgh as village grows.
- Address speeding on main streets, especially from Uphall to Broxburn.
- Listen to and empower communities to shape the services our council delivers.
- Find solutions with Strathbrock GP to improve level of service.
- Campaign for the Winchburgh Partnership Centre the Labour Party originally promised but failed to deliver.
- Call for more local accessible bottle banks for re-cycling
- Work with others to ensure the developer led and funded train station for Winchburgh is delivered.

Celebrating our shale history

Tom planting trees in Almondell

As I campaign, I would welcome hearing from you in person, on my social media, or at mikecarlinsnp@gmail.com.

Yours for Broxburn, Uphall, Dechmont, Ecclesmachan, Faucheldean, and Winchburgh,
